Harvest Supervisor

Spray Lake Sawmills is a family owned company located in the southern east slopes of Alberta between Calgary and Banff National Park. The company operates three coniferous timber quotas and a Forest Management Agreement area in a highly integrated portion of the Province.

We are currently looking for a Harvest Supervisor working out of our Cochrane Office. Responsibilities include supervising and inspecting harvest and road construction operations, conducting log quality assessments and completing monthly bush inventories. Familiarity with Alberta Legislation and Alberta Operating Ground Rules is an asset.

A well-rounded candidate would ideally come with 3-7 years of applicable experience and have good interpersonal skills in dealing with stakeholders. An interest and knowledge in GIS applications is also an asset. Must have a valid class 5 driver's licence and eligibility for registration in the Association of Alberta Forest Management Professionals.

Spray Lake Sawmills is able to offer a variety of experiences in career growth and development. As a successful candidate, you will be part of a progressive woodlands team with a competitive salary and benefits package.

Further background information on Spray Lake Sawmills can be obtained from www.spraylakesawmills.com.

The closing date for the competition is October 30, 2020. Resumes can be sent via email to: woodlands@spraylakesawmills.com. Only candidates selected for interviews will be contacted.
